Shen & Fletcher have a new delivery wagon.

Marshall Hawthorn is repainting and otherwise improving the appearance of his dwelling, on West Main street.

Choice butter and fresh eggs at Niedermeyer's.

Services are usual to-morrow at the Universalist Church. Subject in the morning, "Treading the wine press." In the evening, "Life." All are invited.

Vanity Fair smoking tobacco, at Andy Keppler's.

Curia & Thigler are now keeping the largest and most handsome stock of Swiss and American watches, and all kinds of clocks and jewelry in the city.

For a square meal or lunch, go to McHenry's.

The weather is getting hotter and hotter day by day, and bakers are happy. During hot weather few of our people bake bread, and the baker's run of custom is greatly increased.

Fresh oranges, pine apples, strawberries and other good things too numerous to mention, at Hartley's.

L. J. Davis & Co. keep a full line of blank books, of all sizes and styles.

A new sidewalk is to be laid on the north side of the Park from Casner's meat market east to Franklin street.

Choice dried beef at Nowell & Hamner's.

The members of our brass band have been practicing considerably of late under Prof. Goodman's instruction, and it must be admitted that they are improving. In the street parade yesterday they played several new pieces in first-rate style, and we afterwards heard them praised by some of our citizens.

Fresh strawberries, at Lewis & Milhams.

Painters' stock, of superior quality, at W. C. Armstrong's.

J. P. Marsh, who is the prince of line boot makers, is gaining new laurels every week by the very superior work he is turning out. Superior stock, first-class workmanship, perfect fits, and moderate prices, are four prominent articles in his creed.

A full line of wooden and willow ware at D. M. Barnett & Co's.

Speaking of photographs, everybody is delighted with those taken by Seibert, and people are flocking to his rooms on Merchant street, where they obtain exact likenesses of themselves and friends, done up in the highest style of the art. We have been shown some of the copying done by Mr. S., which puts him in the front rank of workmen in that line, as well as in taking pictures from the original.

Step in and try a glass of that delicious soda, at Snyder & Gue's.

Let no man back for bread while it is baked fresh and sweet at Stephens' every morning.

A large invoice of boots and shoes has just been opened at V. Barber & Co's, comprising goods for men's, women's and children's wear. Ladies will have to look a long time before they will find another stock as complete in all its parts as may be seen at this house.

They have also children's shoes of all styles and sizes. Examine their stock before purchasing.

Hartley "set up" the turtle soup today, and it was good, too.

The growth of corn and vegetation generally has been very rapid during the present week. In fields that have been replanted corn is coming up finely, and with good weather will mature before we shall be likely to have full frosts.

Business generally is hopeful, and we are looking for average crops.

Fresh vegetables, strawberries and all kinds of "garden truck," at Adams & Beutler's.

A speck of war sprung up between two blacksmiths yesterday in front of Barnett's grocery store. It seems that the cause of the "bousnessness" was a remark made by the party of the first part in reference to a young lady who was passing. The remark was misunderstood, by the party of the second part, who at once threatened to "whale" the insolent. Not long afterwards he carried his threats into execution by repeatedly knocking his opponent down and kicking him in the face. Mr. McKenzie ran out at this juncture and parted the combatants, when he was turned upon by the irate individual who threatened to "clean him out" also. Mr. McKenzie did not submit quietly, but informed his would-be assailant that if he wanted to fight to "wade in," and not be unkind of the consequences. The bully was cowed somewhat, and without making any further warlike demonstrations he adjourned to an adjacent saloon to take a drink. Up to the present writing no arrests have been made.

Those Ladies' \$1.50 18-berge Garters are not more than half gone, there being about 500 pair left.

TEXAN LANDS.

We desire to say that if our Illinois friends want a section or more of GOOD LANDS, in a good country, and they will send their orders through Messrs. Paddecoot & Burrows, or Warren & Durfee, we will personally see that they get choice lands. All orders received by letter or telegraph, by the 5th of July, will receive our careful attention.

We are satisfied, from the rapidly with which the public domain of Texas is being entered, that another expedition to KERN LAND will be fruitless.

By the 25th of June, we will be fully prepared, with maps, documents, and men, to go into every nook and corner on the frontier and elsewhere, with one of the most reliable surveyors, in this or any State. Nothing but filing the scrip with the surveyor and designating the land, will secure it the heavy immigration now pouring into these frontier counties, will soon give to every settler neighbors.

H. B. DUNFEE,
JUNIOR, DALLAS, TEXAS.

Grasshopperdom.—We have been shown a letter by Dr. B. A. Allison, written from Oskaloosa, Kansas, by S. S. Cooper, which says that grasshoppers are leaving that locality in clouds and moving in a north westerly direction. It is thought that about a fourth part of them have their wings. As fast as they get these appendages they get up and leave, and the people there think that ten days will see the last of them.

About half of the corn, and a much larger proportion of the wheat and oats have been destroyed, but the energetic farmers are preparing to replant, and expect to raise a good crop yet.

The Sociable at the Baptist Church last evening was well attended, and was an exceedingly enjoyable affair. The ice cream was delicious, and strawberries fresh and nice. Those present testified their appreciation of the good things with which the tables were loaded by putting the most of them out of sight.

Abel & Locke have considerably enlarged and improved their facilities for doing business, and have now one of the finest and best stocks of carpets, window hangings and wall papers to be found in the State. Nearly every dwelling in the city has in its samples of goods from the ware rooms of this enterprising firm.

Lost his Balance.—We understand that one of the Aldermen from the fifth ward so far forgot his dignity at the council meeting last night as to use language unbecoming his position. "The Mayor called upon the gentleman to apologize, which he did to the council, for the use of improper language, but declined to apologize personally to the gentleman to whom the improper expression related; and as the latter was not a member of the council, we suppose the apology to the body was all that could be enforced.

The Free Show given on the north wall of court-house block last evening gathered quite a crowd on East Main st. The views exhibited were many of them very fine. We understand that the show will be repeated to-night at the same place.

MARRIED.

On the 5th inst., by George Goodman, Esq., Mr. EDWIN B. GATES and Miss MABELA SHAW.

On Wednesday, June 10th, by the same, Mr. LOUIS B. BRANNAN and Miss MARY BLARELY.

SELLING LIQUOR WITHOUT LICENSE.

Our account of the trial of Mr. Julius Reinhart, on the above charge, was crowded out of yesterday's issue, and we notice it briefly to-day. The case had been taken before Squire Hughes by a change of venue from Justice Albert, and by half past eight o'clock a jury of six men had been empaneled, and the trial commenced. City attorney Buckingham appearing for the prosecution, and Thos. Lee, Esq., for the defense. About twenty witnesses were on hand, and their examination occupied the time of the court until noon. The lawyers then made short, pointed speeches—each ten minutes in length, when the case was given to the jury. At one o'clock they returned a verdict of guilty, and fined the defendant \$25 and costs. Mr. Lee, the counsel for the defense, then claimed that only six out of the twenty witnesses who had been summoned were what lawyers termed "material," and hence his client could not be made to pay more than the fees for these six. The Justice was of the same opinion, and thus the burden of cost on the defendant was lightened considerably. Mr. Reinhart paid the amount required of him and was released.

CIRCUIT COURT.

20TH DAY—AFTERNOON SESSION.
Court convened at 1 o'clock, and resumed the case of Ulery vs. Chybray and George Jones. The action was for trespass, and the case occupied the attention of the court during the afternoon, and was given to the jury in the evening, who soon returned a verdict of not guilty. Plaintiff entered a motion for a new trial.

Adjourned to Monday at 1 o'clock, P. M.

Preaching at the First M. E. Church to-morrow at 10:30 A. M. and 7:45 P. M. by the pastor, Rev. Harace Reed.

A Pleasant Social Gathering.—A very pleasant party was given last evening at the residence of C. A. Tuttle, Esq., in honor of Miss Sophia Haddock, of Louisville, a sister of Mrs. Perry Haddock, who is spending a few weeks in the city visiting friends. The party comprised about sixteen couples of young people.

The elegant mansion of Mr. Tuttle was thrown open to stairs and down, and the young folks had full sway. The young gentlemen of the party had engaged the services of Haddock's string band, which was in attendance, and discoursed charming music. The evening was spent in social games and dancing, and passed most pleasantly to all present.

A suitable time a beautiful collation of strawberries, ice cream, cake, and other luxuries was served, to which ample justice was done. At a seasonable hour the company separated, with the feeling that the evening had been one of the pleasantest of their lives.

Modesty.—Modesty is a good thing, but we have known instances where a too punctilious regard for "the code" resulted in disaster. A very polite young gentleman of this city not long since attended the commencement exercises of a female seminary, at which he had some lady friends. In order to be able to compete with the best people present in his tokens of appreciation of the exercises he invested his spare change in the purchase of a handsome bouquet, which he proposed to present at the proper moment. Placing the flowers upon a table to await the appearance of the lady who was to receive the tribute of his admiration he sat in calm expectancy, perfectly happy in the thought that he was prepared to properly honor the occasion. But what was his surprise and horror to see a middle-aged, clerical looking man enter the room, walk up to the table, pick up the bouquet for which he had expended his nickels, and triumphantly present the same to an aged dowager, wealthy in wrinkles and gray hairs, but a perfect panper as to teeth. Our young friend was fairly sick with disappointment and disgust; indeed, "the subsequent proceedings interested him no more," and he left the place a sadder (and a madder) man than he ever was before. Upon relating the story of his mishap to a friend over whose head more than forty winners have scattered their frosts, and who is therefore more practical and sensible than he is formal and fashionable, he was asked why he did not inform the bouquet purveyor that the flowers were his. "How could I say anything to him?" said our young friend—"I had never been introduced to the man in my life."

Referred.—The matter of the city taking charge of the Ladies' Library and making the same a public institution, was at the meeting of the council last evening referred to a special committee. The matter will now be fully canvassed, and the council will be prepared to act intelligently upon the question. Should the library be taken under the auspices of the city government all will have access to it without charge, which would certainly be an advantage to the laboring classes.

Doctors Disagree as to the treatment of all diseases, from the mildest ailment to the deadliest epidemic, but the fact that the CALIFORNIA VINEGAR BREWERS is conquering maladies which have defied the faculty, renders these professional differences of little consequence. While Dyspepsia, Gout, Rheumatism, Urinary Complaints, Biliousness, Nervous Disabilities, and all disorders not organic, are obliterated by this matchless vegetable tonic and alterative, who cares for opinions? dawdw

SCHOOL PICNIC.—The Sangamon and Bodark schools, east of the city, will join together on Friday, June 25th, for a union picnic at Sangamon station. The teachers of these schools, Messrs. James and A. W. Henton have made all the necessary arrangements, and have invited several speakers to be present. Among those who have signified their intention to attend and address the audience are Prof. Gastman, Hon. S. S. Jack and I. A. Buckingham, Esq. Everybody is invited to be present and take part in the picnic. A grand time is expected. The Decatur brass band will furnish music for the occasion.

Unshaken.—While other articles of their kind are largely adulterated, Dr. Price's Cream Baking Powder and True Flavoring Extracts, Vanilla, Lemon, Nectarine, etc., hold their unshaken position in the estimation of thousands as the purest, best, most reliable, and cheapest. In all particulars that constitute perfect results they cannot be approached by the various known Baking Powders and Flavoring Extracts made in imitation. One trial will satisfy that for purity and strength Dr. Price's are alone in the market.

Boarding House.—The undersigned has taken possession of the house, at the corner of William and Church streets, known as the Trowbridge property, wheresho will keep a first-class boarding house, and accommodate guests by the day, week or month, at reasonable rates. May 24-dm Mrs. C. W. WILLIAMS.
